

## They Always Come

Dinosaur Jr.

I've been dryin' for it  
Buggin' again  
Now it won't bend  
You've been frying for it  
A mound of smack  
Won't fill the crack  
They always come in two's  
All the space they always use  
All the slips I've taped behind me  
Not sure now what's left beside me  
So I'm tapin' nappin'  
All the things I left unspoken  
The one that slipped still got me chokin'  
Hope it don't mean I'll stop nappin'  
[Repeat once, after second time there is a solo]  
Can't face them man  
The ones you left  
Can't trace me  
The sky broke down  
That rainy sound  
Gotta save me
