

Crystalline

Dinosaur Pile-Up

I've been trying to find a
Tiny peace of mind, a
Diamond in a tidal wave
You're all so excited
I'm so sick and tired
Caught up in a spider's web

Crystalline
I am disappointed by your lullaby
Is this what I wanted?
Have I changed my mind?
Paradise so disenchanted
Crystalline

Yeah, get out of my head
Yeah, get out of my-

My friends just remind me
Of my awful timing
Sleeping killer so benign
Cold and systematic
Cool force of habit
Snake-like, suffocates your mind

Crystalline
I am disappointed by your lullaby
Is this what I wanted?
Have I changed my mind?
Paradise so disenchanted
Crystalline

Crystalline
I am disappointed by your lullaby
Is this what I wanted?
Have I changed my mind?
Paradise so disenchanted
Crystalline

Crystalline
I am disappointed by your lullaby
Is this what I wanted?
Have I changed my mind?
Paradise so disenchanted
Crystalline

Yeah, get out of my head
Yeah, get out of my-

Yeah, get out of my head
Yeah, get out of my-
