

Peninsula

Dinosaur Pile-Up

Strange wind surrounds us
Here at the peninsula
Thank God you found us
We could become friends
Or whatever whatever whatever
Creatures in the dust
Bigger than a killer whale
Came here to teach us
We can learn their secrets together together together

Be what you want
Say what you feel
Do what you please
Take what you got
Do it whatever

Leave it behind
Do it for real
Keep it in mind
Make it a deal
Do it forever

Want you to know
I don't care what you say
Want you to know
That I'll get there someday

Strange times around us
Better yeah I wish you were
Dreams under the dust
We can still be friends
Yeah whatever whatever whatever
Machines above us
Living on a different plain
Came here to breed us
We should go and visit
Together together together

Be what you want
Say what you feel
Do what you please
Take what you got
Do it whatever

Leave it behind
Do it for real
Keep it in mind
Make it a deal
Do it forever

Want you to know
I don't care what you say
Want you to know
That I'll get there someday
