

# Should

## Dinosaur Pile-Up

What she wants, what she wants, alright  
What she does, what she does all night  
All the thoughts, all the thoughts in my mind  
All the words, all the words in my mouth

Should we be together?  
For - forever

What she wants, what she wants, alright  
What she does, what she does all night  
All the thoughts, all the thoughts in my mind  
All the words, all the words in my mouth

Should we be together?  
For - forever  
Should we be together?  
For - forever

That, that, that, that  
Destiny  
Keeps, keeps, keeps, keeps  
Testing me

Should we be together?  
For - forever  
Should we be together?  
For - forever

That, that, that, that  
Destiny  
Keeps, keeps, keeps, keeps  
Testing me
