

## Summer Gurl

Dinosaur Pile-Up

Yeah I've been at work  
I've been working all day  
Yeah I eat the dirt  
Just so I can get paid

I met a girl  
Said 'Call me Summer, alright'  
She makes me feel  
Like I can leave it behind

Now Summer's here, I can leave it behind  
Now Summer's here, yeah I've been feeling alright

I've been at home  
Yeah, I've waited all day  
Spend time on my own  
'cos I got nothing to say

I met a girl (I met a girl)  
Said 'Call me Summer, alright' (Said 'Call me Summer, alright')  
Drives a gold beetle (Drives a gold beetle)  
And picks me up around nine (Picks me up around nine)

Now Summer's here, I can leave it behind  
Now Summer's here, yeah I've been feeling alright

She drives me wild, yeah  
Arms open wide, yeah  
K-kick back style  
She don't get tired

Now Summer's here  
I can leave it behind  
Now Summer's here  
Yeah, I've been feeling alright

Now Summer's here  
Now Summer's here  
Now Summer's here
