

# The Way We Came

## Dinosaur Pile-Up

My bones are black  
Like a photograph  
Your colours shine  
Kingdom of trash  
Came home at last  
Don't lose your way  
Don't lose your way

Let's go back the way we came  
The way we came  
The way we made a pact to stay the same  
To stay the same  
To stay the  
Don't lose your way  
Don't ever change  
Let's go back the way we came  
The way we came  
The way we...

Bridge broke in half  
And the sky collapsed  
The day I was born  
Guess I was wrong  
No golden son  
Don't lose your way  
Don't lose your way

Let's go back the way we came  
The way we came  
The way we made a pact  
To stay the same  
To stay the same  
To stay the  
Don't lose your way  
Don't ever change  
Let's go back the way we came  
The way we came  
The way we...

Yeah be the one that break the wall  
Be the one that breaks the...  
Yeah be the one that breaks the...

Let's go back the way we came  
The way we came  
The way we made a pact  
To stay the same  
To stay the same  
To stay the  
Don't lose your way  
Don't ever change  
Let's go back the way we came  
The way we came  
The way we...
