

# Endless Highway

Dion

Light the lights, fan the flame  
Turn it up, get in the game  
Rip by rip, board by board  
Track by track, we'll reach the storm

Riding on the endless highway  
Gotta be the price I pay  
Rockin' up to someday  
When I take that highway home, highway home

Coast by coast, town by town  
This is how we rock that sound  
Stage by stage, show by show  
Night by night, on we go, yeah

Riding on the endless highway  
Gotta be the price I pay  
Rockin' up to someday  
When I take that highway home, highway home

I know we left Montclair  
I know I'm heading somewhere  
Along the way to you  
My every destination is just another station  
What I've got to do

Frame by frame, shoot the show  
Lay it down, a video  
A bus by bus, mom by mom  
Don't forget, we got that style

Riding on the endless highway  
Gotta be the price I pay  
Rockin' up to someday  
When I take that highway home, yeah, home

Light the lights, fan the flame  
Turn it up, get in the game  
Rip by rip, board by board  
Track by track, we'll reach the storm

Riding on the endless highway  
Gotta be the price I pay  
Rockin' up to someday  
When I take that highway home, highway home

Riding on the endless highway  
Gotta be the price I pay  
Rockin' up to someday  
When I take that highway home

That highway home
