

# Hello Christmas

Dion

Hello Christmas, glad you're here  
Need you more than I did last year  
Your loving arms make me feel a little stronger  
This year could you stay a little longer  
Children are waiting  
Happiness is what you are

Hello Christmas  
Hello Christmas  
Glad you're with us  
Hello Christmas

Wonderland and candle lights  
City streets, oh what a night  
Every corner we can stop  
Catch the snowflakes as they drop  
Children are waiting  
I'll keep watching for your star

Hello Christmas  
Hello Christmas  
Glad you're with us  
Hello Christmas

You bring more than you'll ever know  
Peace and love to young and old  
Bring the warmth in from the cold  
From the cold

Christmas cheer is in the air  
Church bells ringing everywhere  
I'll meet you beneath the star  
We won't have to travel far  
Children are waiting  
Happiness is what you are

Hello Christmas  
Hello Christmas  
Glad you're with us  
Hello Christmas

Hello Christmas  
Glad you're with us  
Hello Christmas  
Hello Christmas

Hey, let us gather round the tree  
There's a gift for you and me  
Open up your heart and see  
Let's see, hey let's see

Hello Christmas  
Trim the tree  
Hello Christmas  
Can you see  
Hello Christmas  
Deck the halls

Hello Christmas  
Peace to all

Isn't it beautiful  
Hello Christmas  
Ain't it wonderful  
Hello Christmas  
Hey, that's my...  
Merry Christmas
