

# I Aim To Please

Dion

Oh, well, I never overpromise  
I don't be a doubting Thomas  
I never make you wait  
I don't exaggerate  
Your wishes, I'll produce  
Just gotta turn them loose  
Come on, baby, loose

I'll give you my cash-back guarantees  
I aim to please  
I aim to please

Most boys just leave me stranded  
Give less than I demanded  
What if I want the moon?  
What if I want it soon?  
What if I call your bluff?  
I need to see your stuff, see your stuff

If I'm the one you want to squeeze, babe  
Ooh, then I aim to please  
I aim to please  
If I'm the one you want to squeeze, babe  
Then I aim to please, please, please  
I aim to please

Oh, you say you want it, Luna  
You say you want it sooner  
Just watch what I can do  
I'll bring it on down for you  
I'll even make it shine  
Baby, I'm genuine  
So genuine

I want to be your ocean breeze, baby  
I aim to please, please, please  
I aim to please  
Oh, I aim to please, please, please  
I aim to please, hey

I am your ring of fire  
You jump and I say higher  
You please me, I say more  
That's what you got in store  
You've gotta show me how  
Now, you better show me now  
Show me now

No doubts and no uncertainties, babe  
Now, I aim to please  
I aim to please

Whoa, I'm always worth your while  
I'm service with a smile  
I'm at your beck and call  
I'll drive you to the mall  
I'm 7/24

You'll want me even more, babe  
No strings attached, no hidden fees

I aim to please, please, please (aim to please)  
I aim to please (I aim to please)  
I aim to please, please, please  
I aim to please ('cause I aim to please)  
Please, please, please  
And I aim to please  
I aim to please, please, please  
I aim to please
