

Just Like That

Dion

I never really brought on the brakes
I felt like I was playing charades
School was not the best for me
I don't know what I ever would be

Just like that, I saw you there
Just like that, I raised a prayer
Just like that, I do declare
Just like that, you're mine
You're mine

I tried to find my place on the street
Didn't even feel like I was complete
Never saw you coming my way
But everything we're changing today

Just like that, I saw you there
Just like that, I raised a prayer
Just like that, I do declare
Just like that, you're mine
You're mine

I said we'll do what we can to know
Nobody would pick up the phone
Nobody would call me back
But you stopped me in my track

But just like that, I saw your eyes
Just like that, I won the prize
And just like that, I realized
Just like that, you're mine
You're mine

I tried to find my place on the street
I didn't feel like I was complete
I never saw you coming my way
But everything we're changing today

Just like that, you looked at me
Just like that, I came to see
Just like that, my destiny
Just like that, you're mine
You're mine

You're mine
(Oh, you're mine)
Oh, baby
(You're mine)
You're mine
(Oh, you're mine)
