

My Baby Loves To Boogie

Dion

Oh, my baby loves to boogie, man, she boogies all night long
Oh, loves to boogie and she boogies all night long
Sweet as sugar in the morning, in the evening, she come on strong

She can boogie when it's rainin', boogie when it's dry
Boogie on a skateboard, baby, that's no lie
My baby loves to boogie, oh, she boogies all night long
She's sweet as sugar in the morning
In the evening, she come on strong

She can boogie when it's freezin', boogie when it's hot
Dancin' in a snow storm, dancin' when it's not
Oh, she loves to boogie, man, she boogies all night long
She's so sweet in the morning, in the evening, she come on strong

Oh, little girl, baby
Come to me

She can move me out in Jersey, rock me in New York
Take me to the Chicago, take me for a walk
Little girl loves to boogie, she can boogie all night long
Sweet as sugar in the morning, in the evening, she come on strong

Come on, boogie, baby

Yeah, boogie down in Texas, up to Tennessee
Over in Ohio, over in Waikiki
Yeah, she loves to boogie, boogie, boogie
She's as sweet as sugar in the morning
In the evening, she come on strong

Hey, one and one is two, two and two are four
I'm heavy loaded, baby, I'm all booked out, I'm bound to go
Yeah, she can boogie, she can boogie all night long
She's sweet in the morning, in the evening, she come on strong

Girl, little girl
Come with me, baby

You can wish upon a star, look up for a sign
Don't even bother, man, the little girl's all mine
She can boogie, yeah, she boogies all night long
She's as sweet as sugar in the morning
In the evening, she come on strong

Come on, boogie, baby
Show 'em how to do it
Looky here
Yeah, she's got the blues, yeah, she's my baby
She's my baby

My baby loves to boogie, she boogies all night long
Oh, my baby loves to boogie, she boogies all night long
Yeah, you've got the moves, yeah, hear me, baby
She's my baby
Come on, boogie, baby
