

## Sit Down Old Friend

Dion

Sit down, old friend  
There's something in my heart that I must tell you  
In the end  
Even at the very end  
There is nothing but love  
Nothing but love

Could the world be needing more  
Than love that makes the world go round  
If everybody had it in their heart today, I'd say  
To keep love in your heart you got to give it way  
Then the world would be one great big, beautiful, loving smiling face

Love is really all you need to carry 'round, I found  
To keep love in your heart you gotta spread around

Changing in myself and I found  
That I don't have to be so smart  
The last thing in the world I'd wanna do is break somebody's heart

If it was up to me  
I'd gather everybody around and we'd all hold hands  
Then we'd say a prayer  
Just for today, we'd pray  
To keep love in our hearts and never let it stray, we'd never let it slip away  
Don't let it pass you by

Could the world be needing more  
More than love that makes the world go round

Sit down, old friend  
There's something in my heart I must tell you  
In the end  
At the very end there is nothing but love  
Nothing but love
