

Stop Drop And Roll

Dion

Roll, roll, roll (hey)
You got to roll it (roll it, baby) (roll that down, roll it)
Roll, roll, roll (roll)
You got to roll (roll it) (you got to roll, roll, roll)
You got roll it (hey)
Roll, roll, roll, roll
You got to roll it

My daddy taught me what I need to know
'Bout what to do and where to go
How to change the oil, change a tire
And what to do when I'm on fire

He said
"Now stop (stop)
Drop (drop)
You got to roll"
(You got to roll it, you got to roll it)
You got to stop (stop)
And drop (drop)
You got to roll
(You got to roll it, yeah, you got to roll it)

Well, when I think about my daddy's advice
And then it struck me just like wine or rice
When a fire filled my burning match
I knew what to do with my ball to catch

You got to stop (stop)
And drop (drop)
You got to roll
(You got to roll it, you got to roll it)
You got to stop (stop)
And drop (drop)
You got to roll
(You got to roll it, yeah, you got to roll it)

Roll it, you got to roll it
Whoa, there ain't nobody you can call
Roll it, you got to roll it
You gotta let your body fall
Yeah!
Yeah!

Now, I'm no stranger to a woman's charms
Danger, danger, pull the fire alarm
Oh, where's my memory when I want to know
Just what my daddy said so long ago?

You got to stop (stop)
And drop (drop)
And you got to roll
(You got to roll it, you got to roll it)
You got to stop (stop)
Drop (drop)
You got to roll
(You got to roll it, yeah, you got to roll it)

Suzie dropped by and we were playing our games
I must not lie, I was feelin' the flames
I got a feeling like never before
Way down inside for the girl next door

You gotta stop (stop)
And drop (drop)
Gotta roll
(You got to roll it, you got to roll it)
You got to stop (stop)
You got to drop (drop)
You got to roll
(You got to roll it, yeah, you got to roll it)

Roll it, you got to roll it
Whoa, there ain't nobody you can call
Roll it, you got to roll it
You gotta let your body fall
Yeah!
Yeah!

Well, I did the best I can recall
Stop, drop, give it my all
Opened up my eyes and what did I see?
Suzie wasn't rollin' right along with me

You got to stop (stop)
And drop (drop)
And you got to roll
(You got to roll it, you got to roll it)
You got to stop (stop)
And drop (drop)
You got to roll
(You got to roll it, yeah, you got to roll it)

Roll, roll, roll (hey)
You got to roll it (roll it, baby)
Roll, roll, roll (baby, roll, roll)
You got to roll it (roll it)
Roll, roll, roll
You got to roll it (hey, hey!)
Roll, roll, roll (yeah)
You got to roll it

Roll, roll, roll (yeah, baby)
You got to roll (you roll it)
You got to roll, roll, roll (yeah)
You got to roll it, yeah
Roll, roll, roll (roll)
You got to roll it (yeah, yeah, yeah)
Roll (roll, roll)
You got to roll
