

## Sunshine Lady

Dion

Mmm sunshine lady come through my window  
Sunshine lady come through my door  
I feel you swayin', playin' and I can hear you sayin'  
"Everyday babe I love you more"

You know there was a time I was so low  
I had to look up at the street  
I was just a shell of a man walkin' round  
I couldn't get up on my own two feet

Mmm but then, yeah, one day my whole world changed  
You came into my life  
You turned the grey clouds babe, into the sunny light  
Now I'm singing down the street of life

(Sing it) oh sunshine sunshine sunshine lady  
Sunshine lady baby come through my door  
I feel you swaying, playing, little girl I can hear you saying  
"Everyday babe I love you more"

Oh sunshine lady come through my window  
Sunshine lady little girl come through my door  
I feel you swayin', see you playin' little girl and I can hear  
you sayin'  
"Everyday babe I love you more"

You know and here's another day, here's another day babe  
Here's another day I love you more
