

# The Loneliest Man In The World

Dion

Comes the night time  
I'm alone  
Comes the night time  
All I own  
Are these walls, four lonely walls  
When night time falls  
I'm the loneliest man in the world

No one needs me  
No one cares  
No one wants me to be there  
So I cry, people go by  
I hear them sigh  
"There's the loneliest man in the world."  
Look what's become of me  
Since you stopped loving me  
Since you stopped loving me  
I'm just a shell  
Of what I used to be  
What's to become of me?

Comes the daytime  
I'll pretend  
That by nighttime  
This will end  
But the night, each lonely night fills me with fright  
I'm the loneliest man in the world  
Yeah I'm the loneliest  
Yeah I'm the loneliest  
Now my whole life is through  
Since I lost you
