

There Was A Time

Dion

There was a time, so long ago
There was a fire, there was a glow
And there was you, I didn't know
There was a time
And in that time, you looked at me
I wondered then if it could be
I didn't hope, I couldn't see

There was a time
There was a time, I looked away
I gave my fears the final say
Wish I could now take back the day

There was a time
In photographs I can see it now
I couldn't see it then
I want yesterday for my tomorrow

But it won't come again
In memory I still hold
The sweet moment when
There was a time I could have won
A life of love, a rising sun
But what should be was not begun

There was a time
There was a time, so long ago
There was a fire, there was a glow
And there was you, I didn't know

There was a time
There was a time I could have won
A life of love, a rising sun
But what should be was not begun
There was a time
