

Tonight, Tonight

Dion

Tonight, tonight
While I'm holding you so near
Tonight, tonight
What I'd give if I could hear
Those three little words
That would thrill the heart of me
Just whisper, "I love you, and will eternally."

Tonight, tonight
More than any time before
This heart of mine seems to need you so much more
The touch of your lips
The thrill of your embrace
Keep saying that no one would ever take your place
While looking up above, I [?] wished upon a star
And prayed for a blessing from above
If my wish should come true
Until our life is through
I'll have you, dear, to have, to hold and to love

Tonight, tonight
May it never reach an end
I'll miss you so, 'til you're in my arms again
With all of my heart, I declare with all my might
I'll love you forever, as I love you tonight
(Love you, love you, love you tonight)

Tonight, tonight
May it never reach an end
I'll miss you so, 'til you're in my arms again
With all of my heart, I declare with all my might
I'll love you forever, as I love you tonight
(Love you tonight)
