

# A Little Love

Dionne Bromfield

I had a dream  
And I can't stop thinking about it, baby  
You said to me  
You were serious and that you loved me

Dreams are just like stars  
Oh, they are hard to reach  
Then they fall and they burn so deep

Oh, now my heart is awake  
It's hard when it breaks but I will recover  
And oh, little love's gonna shatter  
My heart, she's a fighter  
Just a little love, oh, oh, oh  
It's just a little love, oh, oh, oh  
It's just a little love  
Oh, now my heart is awake  
It's hard when it breaks  
But it's just a little love

There was a time  
I believed in every word you said  
And yes, maybe I've been  
A bit naive, a bit misled but

Time is running out, oh  
And we can't rewind  
Doesn't matter how hard we try

Oh, now my heart is awake  
It's hard when it breaks but I will recover  
And oh, little love's gonna shatter  
My heart, she's a fighter  
It's just a little love, oh, oh, oh  
It's just a little love, oh, oh, oh  
It's just a little love  
Oh, now my heart is awake  
It's hard when it breaks  
But it's just a little love

It's just a little love  
A little love, a little love  
It's just a little love  
A little love, a little love

Oh, now my heart is awake  
It's hard when it breaks but I will recover  
And oh, little love's gonna shatter  
My heart, she's a fighter  
It's just a little love, oh, oh, oh  
It's just a little love, oh, oh, oh  
It's just a little love  
Oh, now my heart is awake  
It's hard when it breaks  
But it's just a little love

It's just a little love

A little love, a little love  
It's just a little love  
A little love, a little love

It's just a little love  
A little love, a little love  
It's just a little love  
A little love, a little love
