

Lost In Love

Dionne Bromfield

You know you got me so lost in love
I can't seem to find my way home
Yeah you got me so lost in love
Deeper now than I've ever known

You got me running 'round in circles, yeah
My head is spinning hopelessly
When those wheels start into motion
There's just no stopping me

You know you got me so lost in love
I can't seem to find my way home
Yeah you got me so lost in love
Deeper now than I've ever known

Why is it I always seem to lose myself
And my mind drifts miles away
Get caught up in the moment
Can't see the light of day

So lost in love
Find my way home
So lost in love
Than I've ever known

You got me running 'round in circles, yeah
And my head is spinning hopelessly
When those wheels start into motion
There's just no stopping me

You know you got me so lost in love
I can't seem to find my way home
Yeah you got me so lost in love
Deeper now than I've ever known

So lost in love
So lost in love
So lost in love
So lost in love
