

Feeling Old Feelings

Dionne Warwick

I got over you
I made it through
All the lonely, lonely
Time was on my side
Old feelings died
But now and then I find I'm -

Feeling old feelings again
Some feelings never end
Just when I would bet you
I'm gonna forget
You've got me
Feeling old feelings again

You and I were one
But we've become
Just a faded
Memories are never kind
They leave behind
Just enough to keep me -

Feeling old feelings again
Some feelings never end
Just when I would bet you
I'm gonna forget
You've got me
Feeling old feelings again
