

# For You

Dionne Warwick

Don't you see how I stare  
When you walk by  
Can't you see that my dream  
Is you and I  
This heart of mine  
Aches all the time  
For you

Every day all my friends say  
Don't be so shy  
(Don't be so shy)  
Let him know what you feel for him  
Down deep inside  
(Don't you run and hide)  
I'm so afraid, it's not the same  
For you

So I'm lyin' awake at night  
Prayin' with all my might  
For you  
(Just for you)  
When I'm wishin' upon a star  
All of my wishes are  
For you, ooh...

It's so hard knowing love  
The first time  
(For the first time)  
The words won't come  
How I wish you could read my mind  
(Can't you read my mind)  
Still I conceal all that I feel  
For you

Though I'm lying awake at night  
Prayin' with all my might  
For you  
(Just for you)  
When I'm wishin' upon a star  
All of my wishes are  
For you  
(Just for you)

So I'm lyin' awake at night  
Prayin' with all my might  
For you  
(Just for you)  
When I'm wishin' upon a star  
All of my wishes are  
For you

Lyin' awake at night  
Baby, just for you  
(My love for you)

Ooh, I'm so afraid, it's not the same  
For you

(My love for you)  
Oh, still I conceal all that I feel  
For you

When I'm wishin' upon a star  
All of my wishes are  
For you  
(My love for you...)
