

# Lullaby

Dionne Warwick

Go to sleep  
My darling child  
And dream a while  
The Sandman comes  
Hold your hands, no need to fear  
Just say this prayer, the day is done

Oh Lord, keep us in your arms  
Protect from all harm  
Near us, please stay, please stay  
And dear Lord, please give us new hearts  
And greater new start  
Bless us, we pray  
Bless us, we pray

Precious child, the world's for you  
Your life is new, there's much in store  
Baby child, no angel sleeps  
If you but we, this prayer is yours

Oh Lord, keep us in your arms  
Protect from all harm  
Near us, please stay  
And Lord, please give us new hearts  
And greater new start, bless us, we pray

Hey Lord, keep us in your arms  
Protect from all harm  
Near us, please stay  
Hey Lord, please give us new hearts  
And greater new start, bless us, we pray

This prayer is yours
