

# Remember Your Heart

Dionne Warwick

Time all my life only tomorrow knows  
How you decide which way to go?  
But time is only the mystery of love  
The future's only a chance we take  
We can't keep writing up

Through the darkest night  
Remember your heart  
(Remember)  
Through the raging tide  
Remember your heart

It's hard to believe  
Things can become so cold  
It's hard to remember  
Things we've been told  
Could I begin to see you  
Like you see me?  
Could I still carry the fire for you  
Wherever you may be

Through the darkest night  
(Remember)  
Remember your heart  
(Remember)  
Through the raging tide  
Remember your heart

I won't change your mind  
Or beg you to stay  
You know that these wishes apply  
So maybe someday  
You'll remember me

Oh, could I begin to see you  
Like you see me?  
And could I still carry the fire for you  
Wherever you may be

Through the darkest night  
Remember your heart  
Through the raging tide  
(Remember)  
Remember your heart  
(Remember)

Through the long and dead  
Remember your heart  
As you walk away  
(Remember)  
Remember your heart  
(Remember...)
