

Somebody's Angel

Dionne Warwick

Everybody's been taking
Till my poor heart is breaking
It's so hard believing
That life is worth living
But now that I met you
I see a chance that you might come through
Don't let me down
Right now I stand
My heart in your hand, so please

Don't you want to be somebody's angel
Just for tonight
Only you can save me
Only you do it right

Don't tell me I'm crazy
When I say forever's not far away
Just close your eyes
Repeat after me
Hold on, say "I love you"

Don't you want to be somebody's angel
Just for tonight
Only you can save me
Only you do it right
