

Old Child

Dionysos

Im an old child, Im a cold child
Im an old child, Im a cold child
Give me the heat me hit me hit me babe

Bury my face with your birdly kisses
Bury my face

My face on my knees
My hand on the breeze
Cut my hands kill me
Yeah lets go dancing

Im an old child, Im a cold child
Give me the heat me eat me eat me babe

Over my body, Im the broken man
All over my body, Im the broken man

Im an old child, Im a cold child
Give me the heat me eat me eat me babe

Bury my face with your birdly kisses
Bury my face
It aint no broken bones
It aint no broken hearts

My face on my knees
My hand on the breeze
Cut my hands kill me
Yeah lets go dancing

It aint no broken bones
It aint no broken arms

Im an old child, Im a cold child
Give me the heat me hit me hit me babe
Bury my face with your birdly kisses
Bury my face
It aint no broken bones
It aint no broken hearts
