Diorama

Instantly
You're taming the monster
You're breaking the iron rule
So you can enjoy your life

Mercy me
My soul is unconscious
My eyes full of liquid
A flood of betraying glare

The scream inside

Until you're ready for the echo

Until you're ready for the echo

Drunk with power
And gambling with fire
You shrug off the danger
Advancing on velvet paws

While you dream
Your life is exploding
But you can afford it
'Cause you are the best of all
