

Money Honey (Count Me In)

Dipha Barus

All day, no complains
For the game ain't, for the fame
Walk in my lane, with my mines
When ya hustlin gotta count me in

Taking my time, I don't whine
In my ballin, state of mind
Workin' my charm, for the dimes
All day, I'll make it mine

Makin' up my way, make up the way I play
I'm working up my pace, what if you haven't notice
Put it on relay, were gonna be okay
It's a brand new day, I just hope you noticed

I got money honey, ain't it funny how
I spent time to get some dime
Ohh
I got money honey, hustlin hustlin
Keep it coming count me in
I'm in a ballin', state of mind

Makin' my way, through the day
Playin lany and some drake
Sippin coffee stay awake
Keep a journal learn from my mistakes

I won't waste my rhyme
No regrets and learn the facts
Want the good life? Save the dames
If we grindin we'll be countin' stacks

Makin' up my way, make up the way I play
Im working up my pace, what if you haven't notice
Put it on relay, were gonna be okay
It's a brand new day, I just hope you noticed

I got money honey, ain't it funny how
I spent time to get some dime
Ohh
I got money honey, hustlin hustlin
Keep it coming count me in
I'm in a ballin', state of mind

I got money honey, ain't it funny how
I spent time to get some dime
Ohh
I got money honey, hustlin hustlin
Keep it coming count me in
I'm in a ballin', state of mind

Ballin' state of mind
