

# No One Can Stop Us

Dipha Barus

How long will you let go?  
I guess we never know  
Just hold on, keep going on

Why wait if you can go?  
I think we both know  
Just hold on, you keep going on

You and I  
We've been through this phase  
So be still and take your time  
Nothing can stop us, nothing

Cause it's you and I  
We got each other we conquer  
Cause it's you and I  
Nothing can stop us  
No one can stop us

We know that is wrong  
To hide from the truth  
Eventhough you tried so hard to fake it  
You know what you want  
Don't hold on your dreams  
Just hold on, you keep going on

You and I  
We've been through this phase  
So be still and take your time  
Nothing can stop us, nothing

Cause it's you and I  
We got each other we conquer  
Cause it's you and I  
Nothing can stop us  
No one can stop us

Oh...  
When I know  
When you know  
When I know  
When you know  
Now, oh yeah, oh yeah  
Oh...  
When I know  
When you know  
When I know  
When you know  
Now, oh yeah, oh yeah

Nothing can stop us  
No one can stop us...
