

Yeah, I'll be sippin' on you, like that '42
'Til the sun go down, pour another round
Yeah, I'll be sippin' on you, doin' what we do
Turn that music loud, they gon' hate us now

Take it all, one try
That ain't no lie
'Cause this happen
We could be heavenly
Need that one-two-three
Three sips, you're stuck on me
You say you love this shit
I say, "Boy, what if"

What if I told you
"I'm tryna get to know you"
Said, "We could take it slow, yeah"
But if you come on over, hey

Yeah, I'll be sippin' on you, like that '42
'Til the sun go down, pour another round
Yeah, I'll be sippin' on you, doin' what we do
Turn that music loud, they gon' hate us now

Love when you linger on my lips
That kind of fire from your kiss
That high, you need another hit
Need another sip
Love when you linger on my lips
That kind of fire from your kiss
Yeah, I'll be sippin' on you
Like that '42

You
You
Like that—
Like that '42

Been a long, long day
Wanna know how you taste
Gettin' lost in these eyes
Pour you over ice
Give me that four-five-six
So good, don't need no mix
Under these perfect lights
Give me that perfect kiss

What if I told you
"I'm tryna get to know you"
Said, "We could take it slow, yeah"
But if you come on over, hey

Yeah, I'll be sippin' on you, like that '42
'Til the sun go down, pour another round
Yeah, I'll be sippin' on you, doin' what we do
Turn that music loud, they gon' hate us now

Love when you linger on my lips
That kind of fire from your kiss
That high, you need another hit
Need another sip
Love when you linger on my lips
That kind of fire from your kiss
Yeah, I'll be sippin' on you
Like that '42

You
You
Like that-
Like that '42

You, you
You, you
Yeah, I'll be sippin' on you
Sippin' on you, like that-
Like that '42
