

There's no trouble in this town  
But by God, I wish I'd find some  
Sometimes in life, what you wanna do  
Isn't necessarily what you're gonna do  
Yup  
Everyone fell fast and hard around here  
Like, uh, snake oil with a hefty price tag  
Hitchin' a ride, the desert won't hide me no more  
Let me tell you somethin', son  
If there's gonna be a showdown (Hitchin' a ride)  
You better not turn your back (The desert won't hide me no more  
)  
Oh, and uh, don't forget to tip your Queen (Hitchin' a ride)  
The desert won't hide me no more  
Hitchin' a ride, the desert won't hide me no more  
Hitchin' a ride, the desert won't hide me no more
