

So Long

Diplo

Don't know why you're scared to let me love you
You know I can treat you right
I know that you're good at being lonely
I can see it in your eyes

You want somebody to hold you
'Cause when you're drinking you slip up and put your hands on me
Ain't your momma ever told you
Just because you're out here running doesn't make you free

I know you're fine doing life on your own
But that doesn't mean you should spend it alone
Cause boy you've been flying solo for so long
But I think it's time to give your heart
Your heart what it wants
Your heart what it wants
Your heart what it wants

Doesn't all that running make you dizzy
Come and read between the lines
I can see exactly what you're missing
When you gonna realize

That you want somebody to love you
'Cause when it's late I bet you're thinking bout calling me
Ain't your momma ever told you
Just because you're out here running doesn't make you free

I know you're fine doing life on your own
But that doesn't mean you should spend it alone
Cause boy you've been flying solo for so long
But I think it's time to give your heart
Your heart what it wants
Your heart what it wants
But I think it's time to give your heart
Your heart what it wants
Your heart what it wants
