For real

All us real, all us really got it

All us in the building  
We f\*cking up shit in building, we in the building  
Put ya hands to the ceiling, keep ya hands in the ceiling  
Tell people who the real me  
Show people who the real is (real is)  
Show people what the deal is (deal, what the deal is)  
All that's for real (real)  
Long life, that's ill  
I get the money, I'm going crazy  
Long night, hard night, shit made me  
Ducking slugs, police shit brazy  
Stay strong, head focus, rich baby  
Yeah, I know I'm the realest  
Stay focused in the building  
See the sun from a mile away  
We could run hard, I could feel it  
Run hard, I could hear it  
Run hard, I could steer it  
See my soul floating up  
Can't feel nothing, just feel the spirit  
Go hard or go home, baby  
Get rich and get home crazy  
Live fast and live long, maybe  
Live fast and live long, maybe

I fall in buildings  
I fall in billions  
I fall in millions  
I fall in trillions  
See they suicidal  
Thinking all on the killing  
Thinking why they hating  
Thinking all the drilling  
I fall in buildings  
I fall in millions (falling, yeah)  
I fall in trillions (falling)  
I fall in trillions (falling)  
See they suicidal (oh-oh)  
Thinking all on the killing  
Thinking why they hating  
Thinking all the drilling
