

Turn Back Time

Diplo

One night it was over
Woke up I was sober
You were done getting closer

One night it was over
Woke up I was sober
You were done getting closer

I still think about you when I'm feeling lonely
I still think about you when I'm with somebody
You've been on my mind
I wish that I could turn back time
I wish that I could turn back time
Time
Time
I wish that I could turn back time
Time
Time
I wish that I could turn back time
Time
Time
I wish that I could turn back time
Time
Time
I wish that I could turn back time
Time

I still think about you when I'm feeling lonely
I still think about you when I'm with somebody
You've been on my mind
I wish that I could turn back time
I wish that I could turn back time
