

## Agitated Screams of Maggots -Unplugged-

Dir En Grey

I'm killing the haughtily fly  
I'm gonna slash your wound just like mine  
I can't hear the voices of society anymore  
I don't understand you're all fine hypocrites  
Shout the joy  
Your song's drenched in blood and it's full of shit  
You can't shoot the silver bullet into me  
Shout the joy  
It's the black flag, motherfucker!  
I wanna shout out to all the trash celebrity stars  
I'll rape your daughter on your grave  
I'll rape your daughter on your grave  
I'll rape your daughter on your grave  
I'm gonna slash your wound just like mine  
I can't hear the voices of society anymore  
I should die!  
It's the black flag, motherfucker!  
I wanna shout out to all the trash celebrity stars  
I'll rape your daughter on your grave  
I'll rape your daughter on your grave  
I'll rape your daughter on your grave  
Cold blooded
