CHAOS MODE

[English translation:]

This is the only way for me to live  
Because I'm worthless  
I don't feel any pity  
You're the ones feeling that

It's not for you  
Laugh and then despise

Having it forced down endlessly  
Always the same words  
Tired of living  
Desperately

That's persecution

It's not for you  
Laugh and then despise  
To the winners who found themselves  
Laugh and then despise

I should just die  
Now celebrate the scar

I should just die

This is the only way for me to live  
Because I'm worthless

That's persecution  
Which side are you on?

Why hesitate? Dear me  
Parasite of absurdity

Paradise of terror Dive of death  
Parasite of absurdity

I want it more than anything  
I want to be worth it

I should just die  
Now celebrate the scar  
I should just die  
I should just die  
Now celebrate the scar  
I should just die
