

Angel Of Mercy

Dire Straits

E **D** **C**
1. Well there's a Peter Pan moon, shepherd's delight
E **D** **C**
I got the dragon at noon, yes and I won the fight
E **C** **C**
Now I want my reward, in heaven tonight
D
Just like you promised
E **D** **C**
Angel of mercy, you'll come to no harm
E **D** **C**
Angel of mercy, there's no need for alarm
E **D** **C**
The knight in his armour, wants a night in your arms
D
You know he's honest

C **G**
R: Angel of mercy, angel delight
D **G**
Give me my reward in heaven tonight
C **G**
And if I give up my sword won't you give me the right
D
Sweet angel

2. Well now it's too late for talking we can talk later on
Let the saxophone play us 'til the chorus of dawn
All I need is a little oblivion
And you don't need protection
Well now here come the moonlight, down on your bed
Angel of mercy let your heart rule your head
I don't want your money, I want you instead
Don't need rejection, yeah

R: Oh angel of mercy, angel delight
Give me my reward in heaven tonight
And if I give up my sword won't you give me the right
D **G**
Angel of mercy give me heaven tonight

D
*: Well if you cross your heart and spit
G
And swear upon the grave of your mother
D
You gotta, get into it
C **D**
Gotta tell her that I'm more than a lover

R: (2x)
