

# Angel Of Mercy

Dire Straits

**E** **D** **C**  
1. Well there's a Peter Pan moon, shepherd's delight  
**E** **D** **C**  
I got the dragon at noon, yes and I won the fight  
**E** **C** **C**  
Now I want my reward, in heaven tonight  
**D**  
Just like you promised  
**E** **D** **C**  
Angel of mercy, you'll come to no harm  
**E** **D** **C**  
Angel of mercy, there's no need for alarm  
**E** **D** **C**  
The knight in his armour, wants a night in your arms  
**D**  
You know he's honest

**C** **G**  
R: Angel of mercy, angel delight  
**D** **G**  
Give me my reward in heaven tonight  
**C** **G**  
And if I give up my sword won't you give me the right  
**D**  
Sweet angel

2. Well now it's too late for talking we can talk later on  
Let the saxophone play us 'til the chorus of dawn  
All I need is a little oblivion  
And you don't need protection  
Well now here come the moonlight, down on your bed  
Angel of mercy let your heart rule your head  
I don't want your money, I want you instead  
Don't need rejection, yeah

R: Oh angel of mercy, angel delight  
Give me my reward in heaven tonight  
And if I give up my sword won't you give me the right  
**D** **G**  
Angel of mercy give me heaven tonight

**D**  
\*: Well if you cross your heart and spit  
**G**  
And swear upon the grave of your mother  
**D**  
You gotta, get into it  
**C** **D**  
Gotta tell her that I'm more than a lover

R: (2x)
