

## Captain Asshole

Direct Hit!

Any time that you want, I'll be there with cape in arm  
To flaunt my magic mask, my gadget belt and boots  
Everyone thinks that they're cooler than your suit

Yeah, everyone runs baby  
But you gotta remember, everyone runs baby, especially when under pressure  
Everyone's fun baby, but they always remember  
How your dumb, done maybe, let me give you a refresher:

Yeah, I run baby, but you gotta remember  
It ain't fun baby as the world's only defender  
I'm the one baby that'll never surrender  
No I won't

Any time that you need, I'll come around and listen up to every word  
And heed every yarn that comes out of your mouth  
Even if you go and suggest we head south

But everyone runs baby  
Yeah you gotta remember, everyone runs baby especially when under pressure  
Everyone's fun baby, but they always remember  
How you're dumb, done maybe, let me give you a refresher:

Yeah, I run baby, but you gotta remember  
It ain't fun baby as the world's only defender  
I'm the one baby that'll never surrender  
No I won't
