Nothing
That's what you'll become
Nothing
Just particles fuel for the sun
Nothing
A word that describes all your efforts your race to be scum

Nothing
Just playing around like the meaningless game that you run
Why do you bother
Built a foundation
Ask all for what
In 500 billion years it gets swallowed up

Imagination doesn't hold up to natural domination
Plotting your rule to create something great
On the backs of the people you see as your slaves
Embarrassing
That's what you are
The face of existence could use one less scar

Nothing
That's what you'll become
Nothing
Just particles fuel for the sun
Nothing
A word that describes all your effort your race to be scum

Be nothing
Kill yourself do something great
Nothing
That's what you add up to
Succumbing to weakness is everyone's fate
No one's great

You're not a god
You're not a man
You're scum
You're shit
Reject your scam

You're not a god
You're not a man
You're scum
You're shit
Reject your scam

Nothing
That's what you'll become
Nothing
Just particles fuel for the sun
