

Tied Up

Dirty Honey

I've got no good excuse
Still swinging from your noose
I know that it's part of your plan
I'll just keep holding on
While your string me along
I'd run, but I can't even stand
Should of listened to the wise man

Now I'm tied up
But I love the way you move
So tied up
I love the way you touch me
So tied up
I don't need to know the truth
I'm tied up
I love the way you touch me

Don't need to pull me in
Forever drawn to sin
I'll be here climbing the walls
Hands tied behind my back
Cut me a little slack
I'd run, but I can't even crawl

So baby, do it like you did before

When I'm tied up
But I love the way you move
So tied up
I love the way you touch me
So tied up
I don't need to know the truth
I'm tied up
I love the way you touch me

I'm tied up
Don't need to know the truth
So tied up
I love the way you touch me
I'm tied up
The way you move
So tied up
I love the way you touch me

So tied up
Don't need to know the truth
So tied up
I love the way you touch me
So tied up
Baby, the way you move
So tied up
I love the way you touch me

So tied up
You don't need to cut me loose
So tied up
I love the way, baby

So tied up
Don't need to know the truth
So tied up
I love the way you touch me...
