

On and Ever Onward

Dirty Projectors

If you grow up in the river
The river's all you know
If you're swimming in the current
The current knows where you are gone
Ah, the current knows where you are gone

On and ever onward
Our home is all around us
On and ever onward
Our love is all around us

Tempurpedic is the ocean
Our backyard is the bay
From the morning to the evening
Swimming onwards through the day
Ah, swimming onwards through the day

On and ever onward
Our home is all around us
On and ever onward
Our love is all around us
Our love is all around us
Our love is all around us
Our love is all around us
