

## Room 13

Dirty Projectors

Keep me alive  
Only you can do it  
If not, you'll die too  
And I'll see to it

Keep me alive  
I rely on your judgment, baby  
I got none left of my own  
I don't know what I'm doing

I need to belong  
I need to hold on  
I need to belong  
I need to hold on
