

What once was a mystery's visible  
Visible  
Visible  
I finally feel I can see  
What's enough? What's enough?  
What's your love but safe design?  
Self-design

What once was a mystery's visible  
Visible  
Visible  
I finally feel I can see  
What's enough? What's enough?  
What's your love but safe design?  
Self-design

Closer, closer you come  
Closer to daylight  
Farther, farther you run  
Far away in the well-lit night  
And I don't know why  
And I don't know why

Closer, closer you come  
Closer to daylight  
Farther, farther you run  
Far away in the well-lit night  
And I don't know why  
And I don't know why

What once was a mystery's visible  
Visible  
Visible  
I finally feel I can see  
What's enough? What's enough?  
What's your love but safe design?  
Self-design

What once was a mystery's visible  
Visible  
Visible  
I finally feel I can see  
What's enough? What's enough?  
What's your love but safe design?  
Self-design

Closer, closer I come  
Closer to daylight  
Farther, farther it's gone  
Burrowed into the endless night  
And I'll never find  
And I'll never find
