

Surrender

DIRTY RADiO

Ain't no man of steel
I can throw the flag in the air in the air
The white flag
On the battlefield
When it's love we know, nothings fair, nothings fair

Cause I'm swimming against the tide
And those waves look death defying
Before I die, let me testify
I can throw that flag in the air

Cause I just wanna surrender to you
Surrender, Surrender to you, surrender
I just wanna surrender to you
Surrender, Surrender to you, surrender
I just wanna surrender to you

Cause I just wanna surrender to you
Surrender, Surrender to you, surrender
I just wanna surrender to you
Surrender, Surrender to you, surrender
I just wanna surrender to you

Kingdoms overthrown
Angles singing prayers in the air
In the air, the white flag
Kneeling at your throne
To express my words I declare, I declare

See your forces multiply
As you conquer and divide
Before I die, let me testify
I can throw that flag in the air

Cause I just wanna surrender to you
Surrender, Surrender to you, surrender
I just wanna surrender to you
Surrender, Surrender to you, surrender
I just wanna surrender to you

Cause I just wanna surrender to you
Surrender, Surrender to you, surrender
I just wanna surrender to you
Surrender, Surrender to you, surrender
I just wanna surrender to you

Yeah

Surrender to you
Surrender
Surrender
Surrender to you
Surrender to you

Cause I just wanna surrender to you
