

Setting Sun

Dirty Vegas

There is no reason we should give in
There is no reason we should start
We are breaking down our hope our sane
Cause this is all we've got

The picture is never perfect
We were broken from the start
But the pieces fit together now
It's better than if it fall apart

Don't stop now
Can't stop now
Cause all we gotta do is run
Keep running from the setting sun

There is no reason we should give in
There is no reason we should start
We are breaking down our hope our sane
Cause this is all we've got

Don't stop now
Can't stop now
Cause all we gotta do is run
Keep running from the setting sun

Don't stop now (Don't stop now)
Can't stop now (Can't stop now)
Cause all we gotta do is run
Keep running from the setting sun

All we gotta do
All we gotta do
All we gotta do is run
All we gotta do
All we gotta do
All we gotta do is keep running from the setting sun

All we gotta do
All we gotta do
All we gotta do is run
All we gotta do
All we gotta do
All we gotta do is keep running from the setting sun

Don't stop now
Can't stop now
Cause all we gotta do is run
Keep running from the setting sun

Don't stop now (Don't stop now)
Can't stop now (Can't stop now)
Cause all we gotta do is run
Keep running from the setting sun
