

Me And My World

Disbelief

along a strange way
tear down all fears
rely on mind's eye
and face all doubts

beware of the know all
their pessimistic view
preserve your conviction
just visual - just visual for you

me and my world
a wholesome church

no easy movement
against the stream
pragmatic values
destroy the dream

beware of the know all
their pessimistic view
preserve your conviction
just visual - just visual for you

me and my world
a wholesome church

I take the difficult way
I don't need any church to pray
I've chosen the right way for me

I take the difficult way
I don't need any church to pray
I've chosen the right way for me

me and my world
a wholesome church
me and my world
come on and see - and see...

they destroy the dream
they destroy the dream, my dream
they destroy the dream
they destroy the dream, my dream
my dream
