

# Bad Words

Disciple

Your peace is war  
Your wrong is right  
Your calm's a storm  
Your dark is light

He who Christ sets free is free indeed  
I won't apologize  
I won't apologize  
I won't apologize  
Nothing's gonna silence my beliefs  
I won't apologize  
I won't apologize  
I won't apologize

Keep your head down  
Better not speak out  
Just give us anything but something to think about

I've got these bad words  
Foaming at my mouth  
Kicking my teeth out  
My philosophy is your profanity

You can ban these bad words  
Foaming at my mouth  
But you can't censor this sound  
Your obscenity is my identity

He who Christ sets free is free indeed  
I won't apologize  
I won't apologize  
I won't apologize  
Nothing's gonna silence my beliefs  
I won't apologize  
I won't apologize  
I won't apologize

Keep your head down  
Better not speak out  
Just give us anything but something to think about

Your right is left  
Your up is my down  
Your strong is weak  
Your lost is my found

I've got these bad words  
Foaming at my mouth  
Kicking my teeth out  
My philosophy is your profanity

You can ban these bad words  
Foaming at my mouth  
But you can't censor this sound  
Your obscenity is my identity

Jesus

The Ghost that haunts my house  
That drives my demons out  
The only hope for me  
Is found in just one name

Jesus  
The name that I cry out  
That I can't live without  
He's the air I breathe  
He's my everything

I won't apologize  
I won't apologize  
I won't apologize

I won't apologize
