

Fear

Disciple

When the wicked come against me to take my life,
eat my flesh, cut me down, break my bones, leave me dead
When the trouble's all around me He will hide me inside,
the secret place where His face, I will seek

If You are for me who can be against me
I'll not fear the one, not fear the one,
who'd take my life, take it with his hands

When the enemy's around me I won't run,
I will stand, confident, He's with me, I'm in His hand
When the flood rises against me,
You're my Rock, Fortress, Deliver, Advocate, my defense
