

## Game On

### Disciple

When the lights go up and the game is on  
Are you ready for me? 'Cause I'm ready for you  
When the bell rings out and the fight is on  
Are you ready for me? 'Cause I'm ready for you

It's time for us to start throwing down  
Take a look and see who's standing now

Didn't even know that you and I were cross  
Until a sneak attack from the weak side  
Unaware that we were in a fight  
I guess that's part of the problem, but guess what

Say what you want to say about me  
Throw up what you want to throw up at me  
But when you mess with those that are around me  
That's when you and I will have a problem

I'm not afraid of loving my enemies  
Turning the other cheek  
Blessing those that would curse me  
I honestly want peace with you  
But when you come against my country  
When you come against my family  
You try to destroy my people  
I can't just stand by  
There's no way that I can stand by  
This time, I will not stand by  
I am coming, and if I come, then pain is coming with me  
I'm coming, and pain will be with me
