I am the war
I am the rape
I am the violence
I am the hate
I am your genocide
I am your child defiled
I am the skin
I'm everything that you did

Give me the penalty that you deserve for these crimes against humanity
(Let me die like a worm)
Every single thing that I abhor is what I have become
(What I have become)
Is what you are no longer
(No longer)
Reanimate, reanimate innocence

I am the thief
I am the whore
I am the rich man who begs for more
I am your every lie
I am your every sin
I am your kiss
I'm everything that you did

Give me the penalty that you deserve for these crimes against humanity
(Let me die like a worm)
Every single thing that I abhor is what I have become
(What I have become)
Is what you are no longer
(No longer)
Reanimate, reanimate innocence

He who knew no sin has become sin for us
He who knew no sin has become sin for us
He who knew no sin has become sin for us
He who knew no sin has become sin for us

Give me the penalty that you deserve for these crimes against humanity
(Let me die like a worm)
Every single thing that I abhor is what I have become
(What I have become)

Give me the penalty that you deserve for these crimes against humanity
(Let me die like a worm)
Every single thing that I abhor is what I have become
(What I have become)
Is what you are no longer
No longer
Reanimate, reanimate innocence
Reanimate, reanimate innocence
